

Kingshaw Collection
Tables and Benches

Kingshaw Table available in single top and 2x plank version

System for Living and Working

- Table collection was conceived for use in meeting rooms, canteens and break out spaces
- The frame has been designed to work with multiple table top sizes
- The product's pure aesthetic with clean lines will complement any commercial space scheme

Kingshaw (K-S) has been designed as a system of component parts that is easy to assemble on-site

Construction

- Two designs available: single table top or 2x blank version
- Cables can drop to the floor through either a cable management enclosure or between two blanks by a small gap
- An enclosed partition neatly stores cables and power supplies on a shelf
- Third party power modules can be inserted on request
- All parts fix together using M6 hex head bolts

Single Table Top

2x Blank Table Top

Cables can drop down from the table top onto a tray and then drop to the floor from the centre or each end.

Specifications

- Specify your table top size
- Bespoke orders made within 8-10 weeks
- Available in a range of finishes: real wood veneer and black/white laminate
